## Health and Safety – General Policy

Considerations from the legal team:

*Ultimately the employer is accountable for health and safety and therefore cannot delegate health and safety duties. It can require staff to cooperate with them and to follow what they are told, but it cannot delegate a duty. There is no problem asking staff to do something e.g. a risk assessment, which is part of the policy, but it remains the employer's duty to ensure it's done and that it's suitable and sufficient. It would not be a defence to a school if a member of staff did not undertake, for example, a risk assessment. The employer must therefore have a system in place to ensure such things are done.*

At The Pier Head Prep School, we provide and maintain safe and healthy working conditions, equipment and systems of work for all our employees and a safe early learning environment in which children learn and are cared for. To develop and promote a strong health and safety culture within the school for the benefit of all staff, children and parents, we provide information, training and supervision. We also accept our responsibility for the health and safety of other people who may be affected by our activities.

The allocation of duties for safety matters and the particular arrangements which we will make to implement our health and safety procedures are set out within this policy and we make sufficient resources available to provide a safe environment.

### Legal framework

We follow all relevant legislation and associated guidance relating to health and safety within the school including:

- The requirements of the Statutory Framework for the Early Years Foundation Stage (EYFS) 2017
- The regulations of the Health & Safety at Work Act 1974 and any other relevant legislation such as Control of Substances Hazardous to Health Regulation (COSHH)
- Any guidance provided by Public Health England, the local health protection unit, the local authority environmental health department, fire authority or the Health and Safety Executive.
- The national curriculum

### Aims and objectives

The aim of this policy statement is to ensure that all reasonably practical steps are taken to ensure the health, safety and welfare of all persons using the premises.

To achieve this, we will actively work towards the following objectives:

- Establish and maintain a safe and healthy environment throughout the school including outdoor spaces
- Establish and maintain safe working practices amongst staff and children
- Make arrangements for ensuring safety and the minimising of risks to health in connection with the use, handling, storage and transport of hazardous articles and substances
- Ensure the provision of sufficient information, instruction and supervision to enable all people working in or using the school to avoid hazards and contribute positively to their own health and safety and to ensure that staff have access to regular health and safety training
- Maintain a healthy and safe school with safe entry and exit routes
- Formulate effective procedures for use in case of fire and other emergencies and for evacuating the school premises. Practice this procedure on a regular basis to enable the safe and speedy evacuation of the school
- Maintain a safe working environment for pregnant workers or for workers who have recently given birth, including undertaking appropriate risk assessments
- Maintain a safe environment for those with special educational needs and disabilities and ensure all areas of the school are accessible (wherever practicable)
- Provide a safe environment for students or trainees to learn in
- Encourage all staff, visitors and parents to report any unsafe working practices or areas to ensure immediate response by the management.

We believe the risks in the school environment are low and we will maintain the maximum protection for children, staff and parents. The school will:

- Ensure all entrances and exits from the building, including fire exits are clearly identifiable, free from obstruction and easily opened from the inside
- Regularly check the premises room by room for structural defects, worn fixtures and fittings or electrical equipment and take the necessary remedial action
- Ensure that all staff, visitors, parents and children are aware of the fire procedures and regular fire drills are carried out
- Have the appropriate fire detection and control equipment which is checked regularly to make sure it is in working order
- Ensure that all members of staff are aware of the procedure to follow in case of accidents for staff, visitors and children
- Ensure that all members of staff take all reasonable action to control the spread of infectious diseases and wear protective gloves and clothing where appropriate
- Ensure there are suitable hygienic changing facilities (see infection control policy)

- Prohibit smoking on the school premises
- Prohibit any contractor from working on the premises without prior discussion with the officer in charge
- Encourage children to manage risks safely and prohibit running inside the premises unless in designated areas
- Risk assess all electrical sockets and take appropriate measures to reduce risks where necessary and ensure no trailing wires are left around the school
- Ensure all cleaning materials are placed out of the reach of children and kept in their original containers
- Wear protective clothing when cooking or serving food
- Prohibit certain foods that may relate to children's allergies, e.g. nuts are not allowed in the school
- We follow the EU Food Information for Food Consumers Regulations (EU FIC). These rules are enforced in the UK by the Food Information Regulations 2014 (FIR). We identify the 14 allergens listed by EU Law that we use as ingredients in any of the dishes we provide to children and ensure that all parents are informed
- Follow the allergies and allergic reactions policy for children who have allergies
- Ensure risk assessments are undertaken on the storage and preparation of food produce within the school
- Familiarise all staff and visitors with the position of the first aid boxes and ensure all know who the appointed first aiders are
- Provide appropriately stocked first aid boxes and check their contents regularly
- Ensure children are supervised at all times
- Take all reasonable steps to prevent unauthorised persons entering the premises and have an agreed procedure for checking the identity of visitors
- Ensure no student or volunteer is left unsupervised at any time
- Ensure staff paediatric first aid certificates are on display (or made available to parents).

## **Responsibilities**

The designated Health and Safety Officer in the school is

---

The employer has overall and final responsibility for this policy being carried out at:

1 Shadwell Pierhead, Glamis Rd, London E1W 3TD

The school manager/deputy school manager will be responsible in his/her absence.

All employees have the responsibility to cooperate with senior staff and the manager to achieve a healthy and safe school and to take reasonable care of themselves and others. Neglect of health and safety regulations/duties will be regarded as a disciplinary matter (see separate policy on disciplinary procedures).

Whenever a member of staff notices a health or safety problem which they are not able to rectify, they must immediately report it to the appropriate person named above. Parents and visitors are requested to report any concerns they may have to the \*senior member of staff in the area/\*deputy manager/\*manager.

Daily contact, monthly staff meetings and health and safety meetings provide consultation between management and employees. This will include health and safety matters.

**Health and safety training**

Person responsible for monitoring staff training is \_\_\_\_\_

Health and safety is covered in all induction training for new staff.

**Training table (example):**

<b>Area</b>	<b>Training required</b>	<b>Who</b>
Paediatric First aid	Course	All staff
Dealing with blood	In house training/course	All staff and students
Safeguarding/Child protection	In house training/course	All staff and students
Care of babies	In house training/course	At least half of the staff working with under 2's
Risk assessment	In house training/course	All staff
Fire safety procedures	In house training	All staff and students
Use of fire extinguisher	In house training/course	All staff where possible

3 Shadwell Pier Head, Glamis Road,  
Wapping, London, E1W 3TD  
0207 481 0202  
email: thepierheadprep@yahoo.co.uk

Food hygiene	In house training/course	Anyone involved in preparing and handling food
Allergy awareness	In house training/course	All staff and students
Manual handling	In house training/course	All staff and students
Stress awareness and management	In house training/course	All staff
Changing of nappies	In house training	All staff
Fire warden duties	External course	Fire Warden
Medication requiring technical or medical knowledge e.g. Epi Pen	External course	As required
SENCO	External course	SENCO
Supervision and appraisal	External course	Manager, deputy and room supervisors

At present at least one member of staff on duty MUST hold a full paediatric First Aid certificate in the school and when on outings. In addition to this, all newly qualified entrants to the early year's workforce who have completed a level 2 and/or level 3 qualification on or after 30 June 2016, must also have either a full PFA or an emergency PFA certificate within three months of starting work in order to be included in the required staff: child ratios at level 2 or level 3 in an early years setting

All trained first aiders must be listed in the first aid policy.

## Health and safety arrangements

- All staff are responsible for general health and safety in the school
- Risk assessments will be conducted on all areas of the school, including rooms, activities, outdoor areas, resources, cleaning equipment, legionella and lone working
- These are reviewed at regular intervals and when arrangements change
- All outings away from the school (however short) will include a prior risk assessment – more details are included in our outings policy
- All equipment, rooms and outdoor areas will be checked thoroughly by staff before children access them or the area. These checks will be recorded and initialled by the staff responsible. Unsafe areas will be

made safe/removed from the area by this member of staff to promote the safety of children. If this cannot be achieved the manager will be notified immediately

- We provide appropriate facilities for all children, staff, parents and visitors to receive a warm welcome and provide for their basic care needs, e.g. easy to access toilet area and fresh drinking water
- We adhere to the Control of Substances Hazardous to Health Regulation (COSHH) to ensure all children, staff, parents and visitors are safe in relation to any chemicals we may use on the premises
- We identify and assess any water sources at risk of legionella<sup>1</sup>, and manage these risks including avoiding stagnant water.
- All staff and students will receive appropriate training in all areas of health and safety which will include risk assessments, manual handling and fire safety. We may also use benefit risk assessments for particular activities and resources for children
- We have a clear accident and first aid policy to follow in the case of any person in the school suffering injury from an accident or incident
- We have a clear fire safety policy and procedure which supports the prevention of fire and the safe evacuation of all persons in the school. This is to be shared with all staff, students, parents and visitors to the school
- We review accident and incident records to identify any patterns/hazardous areas
- All health and safety matters are reviewed informally on an ongoing basis and formally every six months or when something changes. Staff and parents will receive these updates, as with all policy changes, as and when they happen
- We welcome feedback from staff and parents. They are able to contribute to any policy through informal discussions, the suggestion scheme and/or during regular meetings held at school.
